Synopsis

Dear readers, welcome to the macabre tale of horror, fear, and mystery.

The pretty daughter of DSP Ashish Chopra, Shivangi Chopra, was once again faced with ill fate as a young woman in her twenties. The brutal torture continued on her after a peaceful life she led for a decade.

When she was ten, the evils impregnated her by swapping wombs with Soumya, who was a nurse in the city hospital, and who had an intimate sexual relationship with Shivangi's uncle Dr Amit Chopra. Apparently, the idea was to slaughter the little girl after she gave birth to Satan, to engage in intercourse with her bearer after he was born, in order to create a fleet of evil on earth and also to quench his thirst for revenge.

Shivangi had fallen into the unholy spirits' trap and became the victim of their barbarism because of the sexual abuse her uncle, Dr Amit Chopra, had inflicted on a Tantric's ten-year-old daughter during his internship in a remote village. The Tantric, a worshipper of Satan, webbed the plan to call his master on earth and avenge, and subsequently rule the earth.

Amidst the paranormal clutches, Shivangi encounters barbaric attempts to impregnate her. Unholy spirits would not leave her alone until they exacted revenge. Satan and his associates again attacked Shivangi, attempting to solve both of their illicit plan – birth of Satan and brutalisation.

DSP Ashish Chopra and his old schoolmate John Lutvik once again stood beside her. A Necromancer by profession, John now had the experience and knowledge from the past to eliminate evils, unaware that the plan fashioned by the unseen was much above his knowledge.

The story revolves around five friends, Shivangi Chopra, Priya Mishra, Rohit, and Avinash, with Florencia, Rohit's sister, joining the group lately. As they all shared good times, preventing loneliness and providing companionship to one another, until suspicious questioning,

Blurb

"Johnnnnn...!!! Johnnnnn...!!!" He screamed the loudest he could. Trying to figure out where the scream came from, John ran into the kitchen before coming back to his senses to run upstairs. The cigar he was holding between his lips was on fire. Gaurav was working on the same floor, taking measurements and concealing the room. He also ran. Gaurav tripped over John and hit him in the head. Gaurav's nose rubbed against the cigar and he yelled in pain. Taking both of his hands to cover his nose, he ran inside behind John. John pushed DSP aside to look into the washroom and Gaurav did the same, not knowing what exactly had happened. What they saw inside knocked them back a long distance. Their shirts became wet as sweat permeated through them. They opened their mouths wide and gazed wide in shock. Gaurav forgot the burn he had sustained. They stood disbelieving. Sitting in a pool of blood, Shivangi lay on the tiled floor. A knife deeply embedded into her left thigh made a vertical split of five inches. It was definite that something dragged downwards the blade from the top, which tore open the white flesh.
