Synopsis

"Tanhaeeyan" is a collection of poems reflecting the feelings, emotions & the state of mind of the poet that he finds himself to be in when he is alone and all by himself with his own being in his own world.

Poet by nature is a loner and does not believe in sharing with others or revealing his painful experiences or sadness he has faced in life. He doesn't like to show or showcase the hardships or struggles he has faced in life as a growing young man.

Instead; he finds solace in his lonely surroundings and pours down all the sadness of his lonely existence on a piece of paper in the form of poems and thus draws strength from his own loneliness to carry on with life; while presenting a normal lifestyle of a successful man with no worries to the people around him – the same people he never shared any of his sorrows with!
