Synopsis

The purpose of this book is to bring light where there is darkness, and to increase faith, especially in these troubled times such as the world is going through now.

In fact in Christ He has already given us His own kind of Life, and those who believe in Him have already passed from death to Life that is eternal.

NEWNESS OF LIFE, could best be described as a 'new day' and can be illustrated by a rising sun, glistening on a long road. It talks about a new way of living by faith and not by sight, which means it describes how a christian's life should be lived according to the teachings of Jesus.

It could also be illustrated by a beautiful, colorful butterfly breaking out of a cocoon and flying away to live its short life in this world, spreading its joy and beauty.

NEWNESS OF LIFE is a compilation of 101 meditations of the heart. The content is Scriptural and the language simple. These reflections are based on Bible verses put together thematically, as best as one could in order to elucidate a given topic. They were originally written during the lockdown year 2020 through 2021 in random order but was compiled later. Some of the topics include Repentance, Holiness, Faith, Divine Healing, Salvation, Praise and God's Eternal Word amongst others.

It was never intended for publishing, but it was a personal prayer journal which the author later decided to share with others. The Christian walk is not just terribly difficult, a path so rocky that many fall by the wayside, but it is down right impossible to achieve in one's own human strength. It is however, simple and full of joy when we partner with "the Helper," the Holy Spirit who abides in us. The purpose for this work therefore, is to address some of the doubts that haunt us, and the lies of this world that clings to us from our past life. It is the Truth alone that sets us free and enables us to live as Jesus taught us. So NEWNESS OF LIFE is intended to encourage the brethren to walk by Faith and not by sight in the "New Life" we have in Christ Jesus.

**Author
Bio**

Marian Burn is an ordinary Christian, one that enjoys studying God's Word. Having experienced the Grace of God, His abundance and His power in her own life, she has a repository of experiences from which she writes. She has no formal training, no Degrees from any Bible college or seminary. However, she loves God's Word more than anything else and realizes that she has only begun to scratch the surface. The purpose of this book is to bring light where there is darkness, and to increase faith, especially in troubled times such as the world is going through now. Her special interest is in the subject of Divine Healing and Health, which comes through the Cross of Christ, because she saw such a little knowledge on the subject in her local church and could feel the lowest levels of faith in Christians around her. In these Covid times she felt it was necessary for people to know that despite all the pestilences that the world is seeing, we have a God much greater and One who has promised to preserve and heal us, One who loves us like no one else can.
